

Echinacea purpurea 'Sundown'

Big Sky Sundown Coneflower

DESCRIPTION

Enormous orange flowers up to 6" across on tall 3-ft. plants.

A new favorite for the back of the perennial border.

An exceptionally hardy perennial that is heat and drought tolerant.

Grow in full sun to light shade in average, well-drained soil.

Flowers are in full color from July-September and attract butterflies.

A fragrant orange flower that will work wonderfully for your cut flower garden.

Will tolerate periods of drought.
