

Heuchera 'Can Can'

'Can Can' Coral Bells

DESCRIPTION

This hybrid Coral Bells selection is a terrific foliage plant for adding a touch of color towards the front of a shady garden.

The heavily ruffled silver-grey leaves have contrasting dark veins and a rich wine-red reverse.

Taller sprays of ivory flowers appear in late spring.

Pinkish fall color. Plants may tolerate full sun in cool summer regions.

Excellent in the border, for edging, in tubs, rock gardens and mixed containers.
